3M HEADSETS

The RECIPS team have installed hundreds of drive thru headset systems across Australia.

As the authorised distributor and service agent for 3M™ Digital Intercom Systems, we provide seamless installation, professional training plus reliable, long term service, repairs and upgrades.

3M HEADSETS

The new G5 headset seamlessly connects to your existing XT1 basestation and the new G5 basestations.

They are designed for fast in-store repairs and dramatically reduce downtime.

LOOPS & VEHICLE DETECTORS

Design, installation and ongoing service/repairs of prefab or cut-in loops. Also suitable for boom and electric gates.

Supply vehicle detector cards to interface with your existing systems.
